Petitioner,

v.

Civil No. 1:CV-00-2041  
(Caldwell, J.)

Donald Romine, et al.,  
Defendants.

MOTION TO AMEND ORIGINAL COMPLAINT  
PURSUANT TO FEDERAL RULES OF CIVIL PROCEDURE 15(A)

---

Comes Now, Petitioner, Ronald Tillman, in Pro-Se and amending his original petition in this honorable court. Pursuant to Rule 15 (a)(d) of Civil Procedure, Petitioner is supplementing the additional support in the furtherance of his contentions to seek relief on his documented claim. Petitioner will not cause any harm to the Judicial process because the case has NOT been docketed and there has been a request for an extension/enlargement of the allocated time requirement. Because this has taken place, the backer must be respectful of the honorable law with his request. The defendants have stipulated that there will be no prejudice suffered by granting the enlargement of time to prepare a responsive pleading. Petitioner submits that there is no basis in law that can complete the irreparable damage and suffering along with a wanton infliction of pain and discomfort with a reckless endangerment for his health.

CONCLUSION

In the expedient manner and concepts of Justice and the hopes for fundamental fairness across the board, Petitioner humbly request in this Motion To Amend, The permission to attach the new additions to his Civil Complaint, via the Request for Leave to put into the record the attached Memorandum in the hope of solidification of his documented claim. Petitioner will respectfully comply with the applicable law and await his order granting the addition of his Memorandum to the Civil Complaint. For the reasons listed in this Motion the Petitioner humbly request the relief be granted by order from the honorable Judge.

Dated this 4 day of April, 2001.....

Respectfully Requested,

Ronald S. Tillman
